Transportation Map

Freight Farms Container

The Southwest building incorporates retail space lining Milwaukee Avenue with access to an outdoor patio and ground floor parking. Remaining units on the first floor used as office space or additional retail. Second and fourth floors to be used as residential units (14-20). Third floor reserved for gym space accessible to residents and community members. Northeast building to include ground floor parking with three stories of residential. One-quarter affordable units. Both units include bicycle parking.
